

Honorable Judge Zobel,

12-2-05

I am sorry
to disturb you at this time but I have
a problem my case is scheduled for tri-
al on the 12th of this month and I have
not got no discovery package in my
case at all I have ask my attorney for
it on three different occasions because
I don't know how much drugs or what
kind of drugs I'm being charged with
haven't received any laboratory tests
to determined any of the stuff that
I'm being charged with and Mr. Wein-
stein keeps telling me is that
he doesn't have any of that stuff I've
been incarcerated for 21 months and
I'm just tired of sitting around playing
the waiting game I'm ready just as m-
uch as prepare to get this case over with
and it seems to me with out that
discovery package and equal time to go
over every think I won't be going to tri-
al on the 12th of December so here is
what I'm going to ask you to do either
dismiss the case or send me home on
home confinement my mother has told
Mr. Weinstein that she will put up
her home if that's what the court wants
and according to your schedule if the gov-

ernment ask for a delay, then I could be sitting until Springtime which I and my family would rather have me home for the holidays until they figure out what they want to do with the case. Thanks for your time and I hope to see you on the 12th to see what they come up with.

Respectfully yours,
Carl Dickerson
